MEET THE EXHIBITORS

Abbott Chronic Pain Therapies - <https://www.neuromodulation.abbott>

Spinal Cord Stimulation and Dorsal Root Ganglion Stimulation. Radio Frequency Ablation.

AbbVie – <https://www.botoxone.com>; <https://www.abbvie.com>

Botox Therapeutics - Cervical Dystonia

Aegis Sciences Corporation – www.aegislabs.com

Aegis delivers clarity through comprehensive medication monitoring solutions that offer a more objective measure of prescription and non-prescription substance use. Aegis offers a flexible and customizable testing menu of over 320 drugs/metabolites. Definitive testing for the right substances provides information that can save lives. Aegis offers the most comprehensive novel psychoactive and designer drug testing services to minimize the risk of false negatives resulting from a dated or insufficient menu. Our goal is to stay on the forefront of drug use trends throughout the U.S.

Averitas Pharma - <https://www.averitaspharma.com>

The first innovative product in the Averitas Pharma portfolio is QUTENZA (capsaicin) 8% topical system, a non-systemic, non-opioid, which is a result of acquisitions in 2016 and 2018.

Basic Home Infusion - <https://www.basichomeinfusion.com>

Basic Home Infusion (BHI) specializes in providing pharmacy and nursing services for intrathecal pumps nationwide for chronic pain and spasticity in the comfort of the patients home. Over 30 years of unmatched experience and reputation providing patient specific medications, at-home pump refills, dose titrations and MRI support, with excellence in safety, quality, service and access to optimize therapeutic outcomes and improve quality of life.

Boston Scientific Neuromodulation - ??? <https://www.bostonscientific.com/en-US/about-us/core-businesses/neuromodulation.html>

Multinational manufacturer of medical devices used in interventional medical specialties.

Castle Gordon Travel – www.bromelaincream.com; www.castlegordon.com

We are a large pineapple farm based in Port Maria Jamaica in the north coast and have a product we developed called Bromelain Cream which we extract the Bromelain out of our pineapples and it immediately within less than 10 minutes removes Pain where externally applied is gone and stays gone for 8 hours approximately. It's a proteolytic enzyme and removes the need for pain pills completely in many cases. It's also completely natural with zero waste.

EBM Medical - <https://ebmmmedical.com>

EBM Medical® is an innovative virtual retail medical clearing house that allows healthcare providers to prescribe and offer affordable, cash-only, evidence-based medical solutions. All while building their practice and ensuring their patients maintain continuity of care by way of solution-driven services.

Idorsia – <https://www.idorsia.us/>

Idorsia is a bio pharmaceutical company with an experienced team that is focused on discovering, developing, and commercializing innovative medications to help more patients.

Medtronic – <https://www.medtronic.com>

Over the last 60 years, Medtronic has grown to be the largest medical device company in the world. Medtronic has done this by following the same mission that Dr. Earl Bakken set forth in 1949. "To contribute to human welfare by application of biomedical engineering in the research, design, manufacture, and sale of instruments or appliances that alleviate pain, restore health, and extend life." Medtronic continues to put patients first into everything we do.

Our Neuromodulation BU focuses on the following product lines: Spinal Cord Stimulation, Targeted Drug Delivery, Radio Frequency Ablation, Balloon Kyphoplasty, RFA for painful bone tumors.

Modernizing Medicine - <https://www.modmed.com/pain-management/>

The ModMed Pain Management software suite is a cloud-based, all-in-one solution featuring EMA®, our electronic health records (EHR) system, that works seamlessly with our other

products and services including Practice Management, premium analytics, ModMed Telehealth, ModMed Pay, patient engagement tools and more. Our solution is designed to adapt to each doctor's style of practice, remembering preferences and automatically suggesting exam notes and billing codes. With easy-to-use mobile touch screen capabilities, our intuitive platform helps physicians save precious time and allows them to focus on what's important—improving patient outcomes.

National Revenue Consulting – <https://nationalrevenueconsulting.com/>

We are a physician-owned full-service medical billing and coding company based in Denver, CO. We help private practices grow their revenue through a reliable and data-driven service. We help elevate the stress of wondering when claims will be paid and how to manage your accounts receivable.

Being a physician-owned company allows us to understand office challenges when it comes to workflow and help not only provide a reliable billing service but partner with practices to improve operational efficiencies in the office.

Nevro – <https://www.nevro.com>

Headquartered in Redwood City, California, Nevro is a global medical device company focused on delivering comprehensive, life-changing solutions for the treatment of chronic pain and painful diabetic neuropathy (PDN). With the development of its proprietary 10 kHz SCS Therapy™, Nevro has impacted the lives of more than 100,000 patients globally.

Pentec Health - <https://pentechealth.com>

Pentec Health, Inc. is a Joint Commission accredited specialty pharmacy and infusion provider that specializes in providing comprehensive care for patients with implanted pumps treating severe pain and/or spasticity. Our proprietary electronic communications platform ensures all disciplines remain informed and focused on improving patient outcomes.

SPR Therapeutics – www.sprtherapeutics.com

The SPRINT® PNS System, by SPR® Therapeutics, marks an innovative shift in the treatment of pain. Our breakthrough, 60-day treatment is a First-Line PNS option uniquely designed to recondition the central nervous system to provide significant and sustained relief from chronic pain — without a permanent implant, nerve damage or the risk of addiction. The system has been studied extensively for low back pain, shoulder pain, post-amputation pain, and chronic and acute post-operative pain, and is cleared for use up to 60 days. Recognized by leading pain management centers, the breakthrough neuromodulation treatment offers a patient-preferred alternative to more invasive options.

Stratus Medical - <https://stratusmedical.com>

Stratus Medical is a medical device company focused on reducing pain and suffering and improving the quality of life for chronic pain patients through innovation. Our leading technology, the Nimbus Multitined Expandable Electrode was invented by a painmedicine physician who wanted a large volume radiofrequency lesion to reduce the anatomical uncertainty when treating targeted nerves with the goal to provide predictable and sustained pain relief.
