RST SANEXAS – www.rstsanexas.com

The FDA cleared RST-SANEXAS neoGEN® Series devices are well-established and advanced quantum-based Electric cell- Signaling Technology (EcST) for pain management, circulation, and rehabilitation treatments. The ultra-high digital frequency generator delivers targeted FM and AM electronic energy signals that penetrate deeper into the tissue to the damaged nerve cells. The therapeutic energy waves produce complex Electric cell-Signaling processes along with associated harmonic resonance frequencies which will imitate, facilitate, exhaust, or interrupt the neuron's axonal action potential. RST-SANEXAS neoGEN® Series produces vibratory oscillations at the cellular level in a safe, non-invasive, effective, and non-pharmaceutical way activating the repair processes to manage acute and chronic (long-term) intractable pain, increase circulation, reduce muscle spasms, and improve muscular reeducation.

SPR Therapeutics – www.sprtherapeutics.com

The SPRINT® PNS System, by SPR® Therapeutics, marks an innovative shift in the treatment of pain. Our breakthrough, 60-day treatment is a First-Line PNS option uniquely designed to recondition the central nervous system to provide significant and sustained relief from chronic pain — without a permanent implant, nerve damage or the risk of addiction. The system has been studied extensively for low back pain, shoulder pain, post-amputation pain, and chronic and acute post-operative pain, and is cleared for use up to 60 days. Recognized by leading pain management centers, the breakthrough neuromodulation treatment offers a patient-preferred alternative to more invasive options.

Stratus Medical - <https://stratusmedical.com>

Stratus Medical is a medical device company focused on reducing pain and suffering and improving the quality of life for chronic pain patients through innovation.
